Last I heard, the floor debate would probably start today, but that is 30 hours, so there wouldn't be any vote expected until later this week, or even this weekend.

Hi Liz and John -- let me know what you think of these drafts. We will add the link to any release you send out once he's confirmed. If there is a swearing in photo to share, that would be great to include once it happens. We can RT whatever you put out from the administrator's account. Thanks.

Sure, that would be great. Will you please use the press release on the website about him, for a reference point?

Hi Liz and John -- I saw that the Majority Leader tweeted that the Wheeler vote will be coming up as soon as this afternoon. Happy to draft some social to be ready for the main account if you'd like. Thanks

Hi Jess,

I recently received a phone call from Caroline Martorana, who works for the Hatch Act unit in the Office of Special Counsel. Her office received a complaint about a specific Agency tweet that apparently included text that said "Democrats couldn't block the confirmation of environmental policy expert and former EPA staffer." Ms. Martorana would like to know more about that tweet and who posted it.

I said that you would be best person to contact about that (and I explained to her that you are a career employee who works closely with EPA Ethics). I believe that Ms. Martorana will contact you directly, Jess. Here's how:
